JIVA KS-7212X Series

Did you ever feel a dilemma? 8" or 10" terminal is great due to its compact footprint, but the smaller terminal lacks the viewing area of the larger 15" offering. However, 15" terminal simply takes up too much space in the counter…

Posiflex heard your voice! The new 12" JIVA KS-7212X really offers the best of the both worlds. Its 12" LCD panel addresses the need for space, while offers adequate viewing area for everyday operation. Coupling with the powerful Intel D525 dual core CPU, and the reliability that is synonymous with Posiflex brand, making JIVA KS-7212X one of the best all-round performers in the field.

JIVA KS-7212X is perfectly suited for space sensitive retail and hospitality application
